

FAIR FUNDING LEGISLATOR CALL SCRIPT

Dear Representative _____ ,

My name is {*name*} and I am a registered voter in Illinois.
I live at {*address*}.

Illinois must end our unfair school funding system. It has negatively impacted poor students from rural, urban, and suburban areas of our state for decades.

Lawmakers need to fix the formula, not just for downstate or Chicago, but for ALL students. And we must fund the formula so that teachers and students can start to get the resources they need.

Please vote yes for HB2808. This bill will provide ENOUGH funds and FAIR funds to schools so that our students can be successful.

Thank you.
